RE: Case No. 2006-00160  
Filing Deficiencies

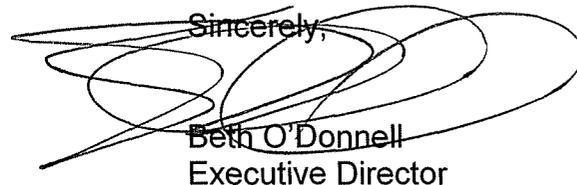

Dear Mr. Elliott:

Commission Staff has conducted another review of your application submitted on May 22, 2006, in the above case. By letter dated June 15, 2006, you were advised that the application had certain filing deficiencies pursuant to 807 KAR 5:001. This regulation sets forth particular standards regarding the notice that must be given to customers upon a request to the Commission for an increase in rates.

Upon subsequent review of your application, along with further analysis and interpretation of the governing regulation as relates to your particular application, the Commission has determined that the initial submission should not be considered deficient. As such, the prior deficiency letter will be withdrawn and your application will be considered filed on May 22, 2006.

We apologize for any inconvenience this may have caused. If you need further assistance, please contact my staff at (502)564-3940.

Sincerely,

Beth O'Donnell  
Executive Director
